

The Sauce

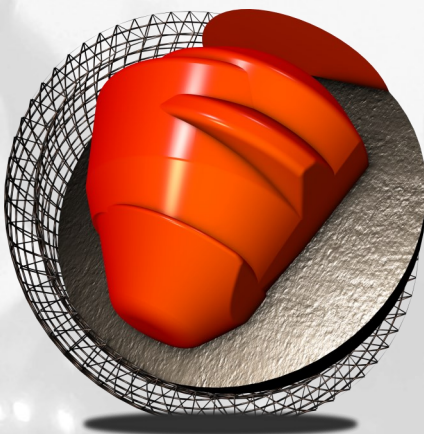

Nothing Hits Like A Hammer.®

Warning! This one is spicy!

One taste of The Sauce and it will set your mouth on fire!

AGGRESSION SOLID CFI

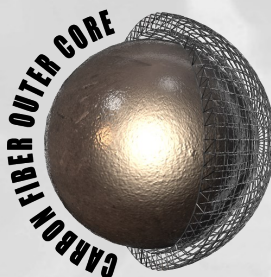

Aggression Solid CFI creates more traction than any coverstock Hammer currently offers. Combined with a 500/2000 sanded finish, you can expect strong traction in the mid-lane with an equally strong reaction at the back end of the lane on heavy oil.

Modified Contrusion

Our engineers have taken the original Contrusion core shape and made a minor density modification to conform to modern USBC rules. This tweak enabled us to maintain the fast revving low RG motion that The Sauce was known for when it dominated the bowling scene.

CARBON FIBER **INFUSED**
3 YEAR WARRANTY
